

Didn't have to drive a team for a couple of days - just take care of Mom -

just after 8th grade graduation Her & Sarah went down on train to Reiburg. Didn't come back when I that they should so I went down on next train Got horse & buggy out of living stable and went over to her house - Managed to ride back with her on train.

Most favorite memory - When I knew I was going to get my missus - Boy, and I mean she has been a wonderful wife.
